Model TR-6 for 6 foot tables

New full-length hanging racks are the latest additions to our line of store accessories. They can be added to any new or existing Sol-O-matic® laminate or fiberglass table that has the leg style shown at left. The racks are ideal for all Wash-Dry-Fold stations, O.P.L.'s, and customer accommodations. They have ample space on each end for long garments to hang beside the table while allowing complete use of the over table area for hanging regular garments. They are tubular steel, bolt securely to the table's legs, and come in our standard leg colors. Tables equipped with the racks should be secured in place if they can be subjected to abuse. All new tables shipped with the rack installed will be equipped for concealed bolt down at no extra charge.

**For the ultimate in convenience, add the new full-length rack to your Sol-O-matic® tables.**

Price shown is list and subject to change without notice. All items are shipped knocked down, F.O.B. Houston, Texas.
